

Ultrasonic Cool Mist Humidifier

This humidifier uses ultrasonic technology to generate a fine mist, increasing humidity in indoor environments. It features a transparent water tank, digital display, and touch controls for easy adjustments.

Product Overview

Ultrasonic Cool Mist Humidifier

This Ultrasonic Cool Mist Humidifier is designed to efficiently increase indoor humidity levels, making it ideal for bedrooms, living rooms, and office environments. It features a transparent water tank for easy water level monitoring and intuitive touch-sensitive controls for power, timer, and humidity adjustments. With its ultrasonic technology, it produces a fine mist to improve air quality and comfort.

Performance & Capacity

Mist Output

300 ml/h
Mist Output

Water Tank Capacity	4 L
Mist Intensity Settings	3

Electrical Specifications

Voltage & Frequency	240V 50/60Hz
Power Consumption	25 W
Plug Type	2 pins

Safety & Features

Safety Features	Auto cut-off, Waterless protection
