

# Uncoated Stainless Steel L-Lock Cable Ties

These cable ties are made from 304 or 316 stainless steel for corrosion resistance and durability. Featuring an L-lock mechanism, they offer a secure and reusable fastening solution for various applications.

## Product Overview

### Product Display

Reusable L-lock mechanism designed for efficient bundling.

## High-Performance L-Lock Cable Ties

These uncoated stainless steel L-lock cable ties are engineered for superior durability in demanding environments. Featuring advanced corrosion resistance and high tensile strength, they provide a secure and reliable fastening solution for both indoor and outdoor applications. Their reusable L-lock design allows for quick installation and easy adjustments, making them an ideal choice for professional cable management.

## Technical Specifications

Professional finish for indoor and outdoor industrial use.

### Operating Temperature

**-60 °C**

Min Temperature

**300 °C**

Max Temperature

### Key Characteristics

Acid-proof • Corrosion Resistant • High Tensile Strength • Reusable

### Material Grade

Stainless Steel 304, Stainless Steel 316

### Packaging

100 pieces per sachet

## Dimensional Data

### Available Widths

- 8 mm
- 12 mm
- 15 mm
- 19 mm

### Product Dimensions

Model	Width (mm)	Thickness (mm)
TSL-8	8	0.25
TSL-12	12	0.25
TSL-15	15	0.25
TSL-19	19	0.4
