

# Under Counter Refrigerator with 4.5 cu.ft Capacity

This under counter refrigerator offers a 4.5 cu.ft gross capacity and A Class energy efficiency. It is designed for efficient cooling and space-saving convenience.

## Overview

### Compact Cooling Solution

This under-counter refrigerator offers a 4.5 cu.ft gross capacity, making it an ideal choice for small kitchens, offices, or as a secondary appliance. Designed with efficiency in mind, it features an A-class energy rating and a well-organized interior with adjustable shelving and a dedicated salad crisper. The unit includes a flexible 4-star freezer compartment and a reversible door, ensuring it can adapt to various layout requirements.
