

# Universal Fit Car Windshield Sun and Snow Shade

This universal-fit car windshield shade protects vehicle interiors from sun and snow damage. It features a dual-layer construction with a reflective silver side for summer and a black side for winter.

## Product Overview

### Universal All-Season Protection

This versatile windshield shade offers comprehensive protection for your vehicle throughout the entire year. The dual-sided design features a reflective silver side to combat heat in summer and a black side to prevent frost accumulation in winter. Constructed from durable 190T polyester, it provides an effective barrier against sun, snow, and debris, ensuring your car interior remains in top condition.

## Technical Specifications

Dimensions	210 x 70 cm
