Overview

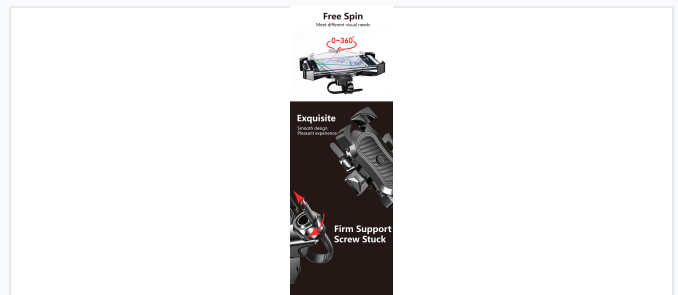

Universal Smartphone Mounting Solution

This universal phone mount is engineered for both motorcycles and bicycles, providing a secure and stable platform for hands-free navigation. Featuring a robust four-corner locking mechanism and 360-degree rotation, it ensures your device remains visible and protected against vibrations. Constructed from eco-friendly ABS and silicone, it offers a durable yet gentle grip for all smartphone models.

Key Features

The four-corner design with screw reinforcement ensures the phone remains stable and secure even on bumpy roads.

Full 360-degree rotation allows for both portrait and landscape viewing to meet different navigational needs.

Key Features

- Four-corner firm hold design
- 360-degree rotating adjustable viewing angles
- Screw-stuck reinforcement for extra stability
- Anti-slip silicone padding
- Quick-release disassembly switch
- One-button clamp arm locking
