

Universal PVC Trunk Mat

This universal PVC trunk mat protects the vehicle's trunk from dirt, spills, and wear. It is constructed from durable, high-quality PVC material and features a textured surface and raised edges to contain spills.

Product Overview

Universal PVC Trunk Mat

This high-quality PVC trunk mat is engineered to provide superior protection for your vehicle's cargo area against dirt, spills, and daily wear. Featuring a durable construction with tall outer ridges, it effectively contains liquids and debris to keep your carpets clean. Designed with a heavy ribbed backing, the mat stays securely in place, while its semi-customizable fit makes it suitable for most cars, trucks, vans, and SUVs.
