

Upright Vacuum Cleaner with Retractable Cord

This upright vacuum cleaner is equipped with a HEPA filter and a bagless design. It features cyclone style filtration and a retractable cord.

Product Overview

Professional Cleaning Performance

This upright vacuum cleaner is engineered for high-performance cleaning in professional environments. Featuring an advanced cyclone-style filtration system and a medical-grade HEPA filter, it ensures efficient dust capture and improved air quality. Its user-friendly design includes a collapsible handle, cord retraction, and a body-turning mechanism for enhanced maneuverability.
