

Urban Commuter Motorcycle

This motorcycle is designed for urban commuting. It features a step-through frame, front and rear fenders, and a luggage rack.

Overview

Urban Commuter Motorcycle

Designed specifically for efficient city travel, this urban commuter motorcycle features a practical step-through frame that ensures ease of mounting and dismounting in dense traffic. Equipped with essential utility features including front and rear fenders, a dedicated luggage rack, and full lighting systems, it is built to handle daily transit requirements reliably. Its compact design and balanced ergonomics make it an ideal solution for navigating busy metropolitan environments.
