

Urban Commuter Motorcycle

This motorcycle is designed for urban commuting and light transportation. It features a step-through frame, front basket, and rear rack.

Overview

Urban Commuter Motorcycle

The Urban Commuter Motorcycle is designed specifically for efficient city travel and light transport tasks. Featuring a classic step-through frame, this motorcycle offers ease of use and accessibility for daily riders. With practical additions like a front basket and rear rack, it balances maneuverability with functional carrying capacity for urban environments.
