

Urban Commuter Motorcycle

This motorcycle is designed with a step-through frame and a single-cylinder engine. It is equipped with spoke wheels, a rectangular headlight, and a rear luggage rack for urban commuting and short trips.

Overview

Designed for Urban Mobility

The Urban Commuter Motorcycle is engineered specifically for city travel and short-distance commuting. Featuring a practical step-through frame design for easy mounting, it combines essential functionality with reliable performance. It includes convenient features like a rear luggage rack, making it a versatile choice for daily transport needs.
