

Urban Commuter Scooter with 125cc Engine

This scooter is designed for urban transportation, featuring a step-through frame for easy access. Powered by a 125cc engine, it provides sufficient power for navigating city streets and includes safety features.

Overview

Urban Commuter Scooter

The Urban Commuter Scooter is designed specifically for efficient city transportation. Featuring a user-friendly step-through frame, it ensures easy mounting and dismounting for daily riders. The inclusion of a comfortable seat with a backrest and a protective windscreen enhances rider comfort during commutes, while the 125cc engine provides reliable power for navigating urban environments.
