

USB 3.0 Data Cable

This is a high-speed USB 3.0 data cable with A type male connectors on both ends. It supports data transfer rates up to 5Gbps and features optional gold/nickel plating.

Product Overview

High-Speed Connectivity Solution

This USB 3.0 A-Type Male to A-Type Male data cable is engineered for high-performance data synchronization between compatible USB devices. Supporting transfer rates of up to 5Gbps, it provides a reliable and fast connection for professional and industrial applications. The cable features customizable plating options to ensure long-term durability and optimal signal integrity.

Performance Highlights

Data Transfer Rate

5 Gbps

Max Speed

Technical Specifications

Model Number	CK9523
Interface Type	USB 3.0 A Type Male to A Type Male

Construction & Durability

Connector Plating

Gold Plating • Nickel Plating

Key Features

- High-speed data transmission
- Optional plating for corrosion resistance
- Enhanced conductivity
- Durable connector housing

Compliance & Standards

USB Standard	USB 3.0, SuperSpeed
