

USB Battery Charger with European Plug

This compact USB battery charger is designed for charging various electronic devices. It features a European plug and a detachable plug adapter.

Product Overview

Compact USB Power Solution

This versatile USB battery charger is designed for efficient and reliable power delivery in European markets. Featuring a compact form factor and a convenient detachable plug adapter, it is an ideal solution for powering various electronic devices. With a wide input voltage range, it ensures compatibility across different power grids.

Technical Specifications

Input Voltage Range	100-240V AC
Input Frequency	50/60Hz
Output Voltage	5 V

Design & Compatibility

Plug Type
European Plug

Key Features

- Compact design
- Detachable plug adapter
- USB output interface
