

USB Personal Humidifier

This is a compact and portable humidifier powered by USB. It releases a fine mist to increase humidity in small spaces such as bedrooms, offices, or cars.

Overview

Compact Personal Humidification

This USB-powered personal humidifier is designed to enhance air quality in small, intimate spaces like offices, bedrooms, or vehicles. Its spherical, portable design ensures ease of use and placement, while the fine mist output provides consistent moisture. Powered via a standard USB connection, it offers versatile compatibility with laptops, power banks, and adapters for on-the-go comfort.
