

USB Type-C Wall Charger

This wall charger features a USB Type-C port for connecting devices. It accepts an input voltage of 100-240V and offers multiple output options including 5.0V, 9.0V, and 12.0V.

Product Overview

Compact Power Solution

This USB Type-C wall charger features a small and compact design, making it an ideal travel companion for professionals on the go. It supports fast-charging capabilities with power delivery technology, ensuring compatibility with a wide range of mobile devices. Designed for universal utility, this charger is a reliable source for all equipment requiring a USB power interface.

Technical Specifications

Output Configurations

Voltage (V)	Current (A)
5	3
9	2
12	1.5

Total Power Output

18 W
Max Power

Input Voltage Range	100-240V AC
Input Frequency	50/60Hz
Maximum Input Current	0.6 A

Features

Charging Standard

PD 3.0

Key Benefits

- Compact size for portability
- Fast charging output
- Universal USB power compatibility

Connector Type	USB Type-C
