

# Utility Cargo Tricycle with Exposed Engine

This tricycle is designed for utility and transport purposes. It features a sturdy cargo bed at the rear and an exposed engine.

## Product Overview

### Rugged Utility Cargo Solution

The JD180ZH utility cargo tricycle is a robust and reliable transport vehicle engineered for demanding material handling tasks. Its configuration features a single front wheel and a dual rear wheel setup, providing enhanced stability when hauling heavy loads. The exposed engine design ensures easy maintenance and durability in industrial or commercial environments.
