

Vacuum Cleaner Disposable Dust Bag

This disposable dust bag is designed for vacuum cleaners. It features a cardboard mounting plate and is constructed from a non-woven material to trap dust and debris.

Product Overview

High-Efficiency Disposable Dust Collection

This premium disposable dust bag is engineered for optimal performance in various vacuum cleaner models. Constructed from durable, high-quality non-woven material, it effectively traps dust, debris, and allergens to maintain cleaner air quality. The specialized trapezoidal shape ensures maximum capacity and efficient airflow, while the robust cardboard mounting plate provides a secure, leak-proof attachment for hassle-free installation and disposal.

Technical Specifications

Material Composition	High-grade non-woven fabric
Bag Geometry	Trapezoidal for maximized capacity
Mounting Interface	Cardboard plate with central circular aperture

Usage & Maintenance

Service Life

Single-Use • Disposable • Hygienic

Usage Instructions

- Ensure secure attachment to the vacuum intake
- Replace bag when capacity is reached
- Dispose of in standard waste receptacles
