

Vacuum Cleaner Upholstery Brush Tool

This upholstery tool is designed for vacuum cleaners. It features a wide, flat head with a beveled edge for effectively removing dust, dirt, and debris from furniture, car interiors, and other hard-to-reach areas.

Product Overview

Professional Upholstery Cleaning Tool

This vacuum cleaner upholstery tool is engineered for precision cleaning of sensitive surfaces and hard-to-reach areas. Featuring a wide, flat design with a beveled edge, it effectively lifts dust, dirt, and debris from fabric and upholstery. It is an ideal solution for maintenance tasks on furniture and vehicle interiors, ensuring compatibility with standard vacuum systems.
