Product Overview

Professional Table Top Vacuum Sealer

This single-chamber vacuum packaging machine is designed for efficient, small-scale production in butcher shops, restaurants, and institutional kitchens. Featuring a hygienic stainless steel construction, it offers versatile operation modes including vacuum-only, vacuum and gas, and seal-and-cut. The transparent lid allows for precise monitoring, ensuring your products are protected from freezer burn and contamination while extending their shelf life.

Operational Features

Available Modes

- Vacuum only
- Vacuum and gas
- Seal and cutting only
