

Variable Speed Hammer Drill

This hammer drill is designed for a variety of drilling applications. It features variable speed control and an ergonomic design for comfortable handling.

Overview

High-Performance Variable Speed Hammer Drill

This versatile hammer drill is engineered for demanding drilling tasks across a variety of materials including wood, steel, and concrete. Featuring an 850W motor and variable speed control, it offers the precision and power required for professional applications. The unit includes essential accessories like an auxiliary side handle and depth gauge to ensure accuracy and user comfort during extended operation.

Technical Specifications

Power Performance

850 W

Input Power

3000 r/min

Max No Load Speed

48000 bpm

Impact Frequency

Drilling Capacities

Material	Max Capacity
Steel	13mm
Concrete	13mm
Wood	25mm

Electrical Requirements

- Rated Voltage: 230V
- Frequency: 50HZ
- VDE approved 2m cable and plug

Features & Accessories

Compliance

GS Approved • VDE Approved Cable

Included Accessories

Side handle, 13mm Key chuck, Depth gauge (plastic), Instruction manual

Chuck Capacity

13 mm
