

Variable Speed Impact Drill

This impact drill is designed for drilling into wood, metal, and concrete. It features variable speed control and an ergonomic handle.

Product Overview

Professional Impact Drill

This heavy-duty impact drill is engineered for versatility and power, making it suitable for drilling into wood, metal, and concrete. It features variable speed control for high-precision tasks and a robust motor designed for demanding professional applications. The ergonomic design ensures user comfort during extended operation, while the included depth gauge and secure chuck system enhance accuracy and reliability.

Technical Specifications

Rated Input Power

810 W

Rated Input Power

No Load Speed

0-2700 r/min

Chuck Size

13 mm

Features

Key Features

- Variable speed control
- Includes depth gauge
- Ergonomic handle design
- Heavy-duty motor

Application

Suitable Materials

Wood, Metal, Concrete
