

Variable Speed Impact Drill

This impact drill is designed for a wide range of drilling and fastening applications. Its impact function provides added power for drilling into hard surfaces.

Overview

Professional Impact Drill

The PZ1J030-10 impact drill is engineered for versatility and high performance across a variety of drilling tasks. Featuring a 450W motor and variable speed control, it provides the power necessary for working on wood, masonry, and metal. The ergonomic design and soft-grip handle ensure user comfort and control, even during extended professional use.

Technical Specifications

Rated Power

450 W

Power Input

Max Chuck Capacity

10 mm

Features

Drilling Control

- Variable speed control
- Reversible rotation
- Impact mode for hard surfaces

Application Materials

Wood, Masonry, Metal

Design

Ergonomic Features

Soft-grip handle • Lightweight design • Extended use comfort
