

Variable Speed Impact Drill

This impact drill is a versatile power tool designed for drilling into a variety of materials, including wood, metal, and concrete. It features a robust motor for high performance and durability, a variable speed control for precision drilling, and an ergonomic design for comfortable handling.

Product Overview

Versatile Variable Speed Impact Drill

This impact drill is a versatile power tool engineered for drilling into a variety of materials, including wood, metal, and concrete. It features a robust motor designed for high performance and durability, alongside variable speed control for precision drilling tasks. With an ergonomic design and an adjustable auxiliary handle, this tool ensures comfortable handling and improved control for professional results.

Performance Metrics

Power Input

550 W

Power Input

No Load Speed

0-2600 r/min

Drilling Capacity

Drilling Capacity by Material

Material	Capacity
Steel	13mm
Wood	25mm

Technical Specifications

Chuck Capacity	13 mm
Power Supply Cord Length	2.8 m

Key Features

Key Features

- Variable speed control
- Adjustable auxiliary handle
- Ergonomic design
- Robust motor construction
