

Variable Speed Impact Drill

This impact drill is a versatile power tool suitable for a wide range of drilling applications. It features variable speed control for precision and an ergonomic design for comfortable handling.

Product Overview

Professional Impact Drill

The PZ1JE010-10 is a versatile and robust impact drill engineered for precision and durability across various professional applications. Designed for drilling into wood, masonry, and metal, it features an integrated impact function to maximize efficiency in hard materials. Its ergonomic build and soft-grip handle ensure operator comfort during extended work shifts.

Technical Specifications

Key Functionality

- Variable speed control
- Reversible rotation
- High-performance impact function
- Ergonomic soft-grip design

Application Materials	Wood, Masonry, Metal
Model ID	PZ1JE010-10
