

Variable Speed Impact Drill

This impact drill is designed for drilling and impact drilling applications. It features variable speed control for precision and versatility, along with a depth gauge for accurate drilling depths.

Product Overview

Professional Impact Drilling Performance

This variable speed impact drill is engineered for precision and versatility in various drilling applications. Featuring a robust 550W motor and adjustable speed controls, it allows users to adapt to different material requirements with ease. The ergonomic design includes an auxiliary handle for enhanced stability and a depth gauge for consistent results, making it a reliable choice for both professional and heavy-duty DIY projects.

Technical Specifications

Input Power	550 W
Voltage/Frequency	230V~50Hz, 120V~60Hz

Performance Metrics

Key Performance Metrics

2800 rpm
No-load Speed

44800 bpm
Impact Rate

Drilling Capacity

Maximum Drilling Capacity

Material	Max Capacity
Steel	10mm
Concrete	13mm
Wood	20mm

Tool Features

Key Features

Variable Speed Control • Keyless Chuck • Depth Gauge • Auxiliary Handle

Chuck Size	13 mm
