

VDE Standard Power Cord with Schuko Plug

This power cord is suitable for electric appliances compliant with VDE standards. It features a European VDE plug.

Product Overview

Professional European Power Connectivity

This VDE-certified power cord features a reliable Schuko plug design with integrated earthing contacts, ensuring safe and robust power delivery. Engineered to meet strict VDE0620 and IEC60884 standards, this splash-proof IP44 solution is ideal for a wide range of European electrical appliances. With high-current capability and durable construction, it provides a dependable connection for industrial and consumer-grade equipment.
