Overview

Professional Vegetation Clearing Solution

This high-performance brush cutter is engineered for efficient vegetation management, making it an essential tool for landscaping professionals and property maintenance. Equipped with a reliable 2-stroke, air-forced cooling engine, it delivers consistent power for clearing dense brush, weeds, and overgrown areas. Its ergonomic design ensures operator comfort during extended work sessions, while durable construction guarantees longevity in demanding outdoor environments.

Engine Specifications

Engine Model	1E36F
Engine Type	Single cylinder, air-forced cool, 2-stroke

Performance

Key Performance Metrics

33 cc Displacement	1 kw Rated Power	7500 rpm Rated Speed
------------------------------	----------------------------	--------------------------------

Technical Details

Fuel Tank Capacity	1200 ml
Pole Diameter	28mm / 26mm

Logistics

Weight Specifications

Type	Weight
Net Weight	10.5 kg
Gross Weight	11.5 kg

Packaging Dimensions

- Working pole carton: 1650 x 110 x 110 mm
- Measurement: 330 x 230 x 330 mm

Compliance

Certifications

GS • CE • EMC
