

Vehicle Cabin Air Filter

This is a high-quality cabin air filter designed to improve the air quality inside a vehicle. It effectively filters out dust, pollen, and other airborne particles, providing a cleaner and healthier environment for passengers.

Product Overview

High-Efficiency Cabin Air Filtration

This premium cabin air filter is engineered to significantly enhance the air quality inside your vehicle. By effectively trapping dust, pollen, and various airborne particulates, it ensures a cleaner, healthier, and more comfortable environment for all passengers. The advanced multi-layer filtration media is designed for maximum efficiency and extended service life, making it a reliable choice for maintenance professionals.

Technical Details

Model Number	C12-30-00015
Country of Origin	China

Compatibility

Compatible Vehicle Makes	Mercedes Benz
--------------------------	---------------

Features

Key Benefits

- Multi-layer filtration media
- Improved cabin air quality
- Easy installation design
- High dust and pollen retention
