

Vehicle Window Sun Shade with Sailboat Graphic

This side or rear window shade is made from nylon mesh. It measures 44*38CM and features a colorful sailboat graphic.

Product Overview

Sun Protection for Vehicles

This vehicle window sun shade provides an effective barrier against harmful UV rays while reducing glare for passengers. Constructed from lightweight, durable mesh polyester, the shade is designed for easy installation on side or rear windows. Its customizable aesthetic features a vibrant sailboat graphic, making it a functional yet stylish choice for automotive sun protection.
