

## Vertical Glass Panel Wooden Door

This interior door features light-colored wood and a central vertical glass panel. It also has a decorative inlay pattern and evenly spaced circular indentations near the bottom of the glass.

### Product Overview

#### Elegant Vertical Glass Panel Design

This solid wooden door features a sophisticated design centered around a vertical glass panel, making it an ideal choice for interior spaces requiring light and style. Crafted from light-colored wood, the door includes a distinctive decorative inlay pattern on the main panel and unique circular indentations near the base of the glass. Its cohesive, classic aesthetic ensures it complements a wide variety of interior decor styles.
