

Vertical Lifting Elevator

This elevator provides vertical transportation in buildings. It is suitable for both commercial and residential applications.

Product Overview

Versatile Material Handling Solution

This vertical lifting tool is designed for efficient digging, scooping, and material movement in professional construction, gardening, and landscaping environments. Built for reliability, it features a durable steel blade and a sturdy handle designed to provide optimal leverage and comfort during extended use. It is a robust solution for demanding site tasks.

Technical Details

Model Number	SL-9-1
Blade Material	Steel
Handle Material	Wood

Features

Key Features

- Durable steel blade construction
- Square point design for efficient digging
- Ergonomic handle for comfortable grip
- Designed for both professional and home use

Primary Applications	Construction, Gardening, Landscaping, Material Handling
