Product Overview

Patented vertical design featuring 1500W power and 60-minute timer control for uniform rotisserie cooking.

Versatile Vertical Rotisserie System

This patented vertical rotisserie grill is designed for professional and home-kitchen efficiency, offering 1500W of power for consistent results. Its unique vertical configuration drains unwanted fats and greases into a dedicated drip tray, promoting a healthier way to cook poultry, meats, and vegetables. With a wide view glass door and integrated lighting, users can easily monitor the 360-degree cooking process.
