## Product Overview

### High-Efficiency Vertical Slow Juicer

This vertical slow juicer is engineered for maximum nutrient extraction from a wide variety of fruits and vegetables. Operating at a gentle 60 rpm, the juicer minimizes oxidation to preserve vital enzymes and flavor. With a compact design and quiet operation under 65dB, it is a professional-grade solution suitable for efficient daily juice production.

## Technical Specifications

Rated Power	80 W
Juicing Speed	60 rpm
Operating Noise	65 dB
Max Continuous Run Time	30 min

## Features & Safety

### Suitable Ingredients

- Soy Milk
- Vegetables
- Fruits

### Safety Mechanisms

Waterproof Switch, Hall Sensor, PC Board Controlled
