

# VESA Compatible TV Wall Mount

This low profile TV wall bracket is compatible with VESA patterns 75x75, 100x100, and 200x200. It is suitable for TV sizes between 10 and 32 inches.

## Product Overview

### Professional Low-Profile Mounting Solution

This versatile wall mount is engineered for reliable display support, featuring a space-saving low-profile design that sits just 2.5cm from the wall. It is compatible with a wide range of monitors and televisions between 10 and 32 inches, supporting up to 30kg of weight. Constructed for durability and ease of installation, this mount is the ideal choice for professional display setups requiring a clean and fixed aesthetic.
