

Victorian Style Polished Chrome Light Switch and Socket Combo

This Victorian-style polished chrome unit combines a double light switch with dual UK standard sockets. It is designed for flush mounting and offers a classic aesthetic with modern functionality.

Product Overview

Victorian Elegance Meets Modern Performance

This Victorian-style polished chrome unit integrates dual UK standard sockets and a double light switch into a single, cohesive design. Perfectly suited for both residential and commercial spaces, it provides a timeless aesthetic while meeting contemporary electrical installation standards. The high-quality polished chrome finish ensures long-lasting durability and a sophisticated visual appeal.
