

Video Door Phone Kit with Keypad

This video door phone kit offers a complete security and communication solution for properties. It features a high-resolution indoor monitor and a weather-resistant outdoor station with a built-in camera and keypad.

Product Overview

Comprehensive Security and Communication

The Video Door Phone Kit provides a robust security solution for both residential and commercial applications. Featuring a high-resolution 7-inch TFT display with a touch pad, it allows for clear visitor identification and intuitive system operation. The system supports full two-way audio communication and remote unlocking capabilities, ensuring controlled and secure access to your premises.
