

Vintage Style Ceiling Fan with Light Kit

This vintage-style ceiling fan features five wooden blades and an integrated light kit. It provides a thermoelectric effect, creating a comfortable indoor environment.

Product Overview

Classic Design Meets Energy Efficiency

This vintage-style ceiling fan combines a timeless aesthetic with practical energy-saving capabilities. Featuring five wooden blades and an integrated multi-shade light kit, it serves as both a functional cooling solution and an elegant lighting fixture. Designed to complement classic interiors, the fan includes convenient pull-chain controls for both speed and illumination.

Energy Efficiency

Climate Control Efficiency

Using this ceiling fan in conjunction with air conditioning can improve comfort by creating a thermoelectric effect of approximately 8°C. By utilizing the fan, you can adjust your air conditioner settings to achieve significant energy savings, potentially reducing electricity consumption by 40% or more.

Cost Savings Analysis

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
Electricity Charge/Day (Currency Units)	7.68	14.08	19.84
Saving Electricity Charge/Day (Currency Units)	2.622	5.182	7.486

Design & Build

Design Specifications	Vintage Style, Bronze Finish, Wooden Blades, Integrated Light Kit
Number of Blades	5

Control & Operation

Control Type	Pull Chains
Light Kit Configuration	Central bowl fixture with three downward-facing shades
