

Walk-Behind Leaf and Debris Vacuum

This walk-behind leaf and debris vacuum is designed for efficient cleanup of lawns, gardens, and outdoor areas. It features a powerful engine for strong suction, a large-capacity collection bag, and durable construction for long-lasting performance.

Product Overview

High-Efficiency Debris Management

This walk-behind leaf and debris vacuum is engineered for professional-grade cleanup of lawns, gardens, and expansive outdoor areas. Powered by a robust 6.5HP 4-stroke engine, it delivers powerful suction and chipping capabilities to manage diverse waste types efficiently. Designed for versatility and ease of use, it features a multi-gear transmission system and durable construction suitable for both residential and commercial applications.

Engine Specifications

Power Output

6.5 HP

Power

196 cc

Displacement

Engine Model	168FA(B&S)
Engine Type	OHV, 4-stroke, Air-cooled
Fuel Capacity	3.6 L

Performance

Transmission Speeds

- Forward: 2 gears
- Backward: 2 gears

No Load Speed	3600 r/min
Max Chipping Capacity	3 inch

Operation

Starting Mechanism	Recoil
