

Walk-Behind Power Tiller

This power tiller is designed for efficient soil preparation and cultivation. Equipped with heavy-duty tines and adjustable depth, it ensures thorough soil turning and aeration for various soil types.

Overview

Professional Walk-Behind Power Tiller

This agricultural power tiller is engineered for efficient soil preparation and cultivation across small to medium-sized farms and gardens. Featuring a robust engine with high torque output, it is designed to handle various soil types with ease. The machine incorporates heavy-duty tines for deep penetration and aeration, while adjustable handlebars ensure operator comfort and control during extended use.

Performance

Tilling Capabilities

- High-torque engine performance
- Deep soil penetration
- Adjustable tilling depth
- Thorough soil turning and aeration

Safety & Ergonomics

Operator Features

Adjustable handlebars, Engine kill switch, Protective guards, Ergonomic design

Application

Suitable Environments

Small farms • Medium farms • Gardens
