

# Walk-Behind Rotary Broom Sweeper

This walk-behind rotary broom sweeper is designed for clearing snow, debris, and other materials from sidewalks and driveways. The machine features a powerful engine, a durable rotary brush, and adjustable settings.

## Product Overview

### Professional Performance

This walk-behind rotary broom sweeper is engineered for high-efficiency cleaning, capable of clearing snow and debris from various surfaces. It is equipped with a high-performance 13HP snow engine and a versatile nylon-steel mixed brush for durable operation. The self-propelled design and multi-gear transmission ensure ease of use and superior maneuverability for commercial and residential maintenance tasks.

## Engine & Performance

### Key Performance Metrics

**13 HP**

Power Output

**71 cm**

Working Width

**55 cm**

Working Thickness

### Fuel & Lubrication

Component	Capacity
Fuel Tank	6.5 L
Lubricant Tank	1.1 L

Engine Type	185FDS Snow Engine
-------------	--------------------

## Technical Specifications

Transmission	4 Forward / 2 Reverse
Dimensions (LxWxH)	140 x 91 x 110 cm
Weight	120 kg

## Compliance & Quality

Standards Compliance	CE, EPA
----------------------	---------

## Trading Information

### Commercial Terms

- Price Terms: FOB
- Payment: T/T or L/C at sight
- Lead Time: 20 days
- Minimum Order: 90 units
