

Walk-Behind Wheeled String Trimmer

This walk-behind wheeled string trimmer features a powerful engine and large wheels for easy maneuverability. It is designed for trimming grass and weeds in hard-to-reach areas and around landscaping.

Overview

Professional Walk-Behind Trimming

This walk-behind wheeled string trimmer is engineered for efficient grass and weed maintenance in challenging areas such as fence lines and landscaping borders. Featuring a powerful engine and large, maneuverable wheels, it significantly reduces operator fatigue compared to handheld units. The adjustable cutting height and durable nylon string cutting system ensure precise, versatile performance across large properties.

Key Features

Core Capabilities

- Wheeled design for reduced fatigue
- Adjustable cutting height
- Durable nylon string cutting head
- High maneuverability for hard-to-reach areas

Ideal Applications

Fence Lines, Landscaping, Large Areas, Weed Control
