

Wall Mount Kitchen Range Hood

This kitchen ventilation appliance is designed to remove smoke, grease, and odors produced during cooking. Its stainless steel construction ensures durability and ease of cleaning.

Product Overview

Professional Kitchen Ventilation

This wall-mounted range hood is engineered for high-efficiency kitchen ventilation, effectively capturing smoke, grease, and odors. Constructed with durable stainless steel, it offers robust performance with an integrated multi-layer filtration system and bright LED lighting. The unit provides electronic control over fan speed, ensuring a clean and well-lit cooking environment.

Technical Performance

Suction Capacity

16 m³/min
Max Airflow

275 Pa
Max Pressure

Noise Level

57 dB(A)

Electrical Specifications

Electrical Data

- Voltage: AC 220V
- Frequency: 50Hz
- Total Power: 188W
- Lighting: 2 x 2.5W LEDs

Dimensions and Weight

Physical Dimensions

Specification	Value
Dimensions (W x D x H)	900 x 500 x 750 mm
Gross Weight	25 kg
Net Weight	22 kg

Installation

Mounting Type

Wall Mount
