

Wall Mount Kitchen Range Hood

This kitchen ventilation appliance is designed for efficient smoke and odor removal. It features a multi-layered filtration system with grease filters to capture airborne particles.

Product Overview

Professional Kitchen Ventilation

The BG8003 wall-mounted range hood is engineered for high-performance smoke and odor extraction in commercial or residential kitchen environments. Constructed from premium stainless steel, this unit combines long-term durability with a sleek design that is easy to maintain and clean. It features an advanced multi-layered filtration system and precise electronic controls, ensuring efficient airborne particle capture and customizable operation for various cooking conditions.

Construction & Design

Material Composition	Stainless steel
Mounting Type	Wall mount

Performance & Features

Filtration Technology

- Multi-layered filtration
- Integrated grease filters

Control System	Electronic controls
Key Features	Odor Removal, Smoke Extraction, Easy-Clean Design, Adjustable Fan Speed
