Product Overview

Efficient Wall-Mounted Climate Control

This wall-mountable PTC fan heater offers a space-saving design suitable for various interior environments. Equipped with a high-performance ceramic heating element, it provides rapid, reliable warmth with versatile operation modes. Users benefit from precise temperature control through a digital display, integrated timer, and remote accessibility, ensuring optimal comfort and ease of use.

Technical Specifications

Power Settings

- 1000
- 2000

Operating Voltage	220-240V
-------------------	----------

Frequency	50 Hz
-----------	-------

Power Cord Length	1.5 m
-------------------	-------

Features

Key Performance Metrics

8 Hours

Timer Duration

Control Interfaces

Manual • Remote Control • Digital LED Display

Safety Compliance	Overheat Protection, Thermal Cut-out
-------------------	--------------------------------------

Logistics

Container Loading Capacity
