

# Wall-Mounted Electric Fan with Adjustable Speed

This wall-mounted electric fan is designed for efficient air circulation in any room. It features adjustable speed settings and oscillation control for customized comfort.

## Product Overview

### Professional Air Circulation Solution

The wall-mounted electric fan is a space-saving cooling solution designed for optimal air distribution in both residential and commercial indoor environments. It features a robust multi-blade design protected by a durable mesh grill, combining longevity with effective performance. With adjustable speed settings and oscillation control, this unit offers customizable comfort to suit various workplace and home needs.

## Technical Specifications

### Key Features

- Wall-mounted space-saving design
- Adjustable speed settings
- Integrated oscillation control
- Protective mesh grill safety enclosure

### Recommended Use

Residential • Office • Indoor Environment

### Materials

Durable Plastic, Metal Components
