

Wall-Mounted Electric Fan with Adjustable Speed

This wall-mounted electric fan is designed for efficient and space-saving air circulation. It features adjustable speed settings and an oscillating function for wide-area coverage.

Product Overview

Professional Air Circulation Solution

The ZF-1616W is a high-performance, wall-mounted electric fan engineered for efficient, space-saving air circulation in commercial or professional settings. Its robust design features a multi-blade propeller within a safety-focused mesh grill, ensuring consistent airflow and durability. With adjustable speed settings and integrated oscillation, this unit provides wide-area coverage while maintaining quiet operation.

Technical Specifications

Key Features

- Oscillating function for wide-area coverage
- Wall-mounted space-saving design
- Adjustable speed settings
- Multi-blade propeller for efficient airflow
- Protective mesh safety grill
- Quiet operation technology
