

Wall-Mounted Exhaust Fan for Home Ventilation

This exhaust fan is designed for household use, providing ventilation and air circulation. Its compact design is suitable for wall mounting in bathrooms, kitchens, or small rooms.

Product Overview

Efficient Home Ventilation

This wall-mounted exhaust fan is engineered to provide reliable air circulation and ventilation for residential environments. Featuring a compact, durable plastic housing, it is specifically designed for installation in bathrooms, kitchens, and small rooms where efficient air extraction is required. The unit is optimized for quiet operation, ensuring a comfortable living space while maintaining air quality.

Technical Specifications

Design Features
