

Wall-Mounted Garden Hose Rack

This wall-mounted rack is designed for efficient garden hose storage. Constructed from durable metal, the rack features a curved support to prevent kinks and extend hose life.

Product Overview

Reliable Garden Hose Management

The Wall-Mounted Garden Hose Rack provides a simple, functional, and durable solution for organizing your outdoor watering equipment. Engineered to prevent tangles and crimps, this rack helps extend the lifespan of your hose while maintaining a tidy garden space. Its low-profile design seamlessly blends into any outdoor environment, offering easy installation via an integrated keyhole system.
