Overview

The Spirit series interface, designed for precise control and a consistent user experience.

Spirit Series Gas Water Heater

The Spirit series wall-mounted gas boiler is designed to provide efficient, on-demand hot water for residential applications. Featuring advanced temperature control with $\pm 0.5^{\circ}\text{C}$ accuracy, this unit ensures consistent comfort across all four seasons. Its compact design and intelligent variable lift function make it a reliable and space-saving solution for modern homes.

Performance

Heating Capacity

20 kW

Min Power

40 kW

Max Power

Continuous Hot Water Production

10.0 kg/min (at $t=25\text{K}$)

Technical Specifications

Dimensions by Power Rating

| Power Rating | Dimensions (mm) |
|---------------|-----------------|
| 20, 24, 28 kW | 420 x 310 x 740 |
| 32, 40 kW | 510 x 310 x 740 |

Gas Type: Natural Gas

Natural Gas Pressure: 2000 Pa

Features

Advanced temperature control with $\pm 0.5^{\circ}\text{C}$ accuracy and multiple integrated security features.

Customizable seasonal temperature settings for optimal comfort year-round.

Four Seasons Temperature Settings

- Spring: 35°C
- Summer: 45°C
- Autumn: 55°C
- Winter: 65°C

Key Features

$\pm 0.5^{\circ}\text{C}$ Temperature Control, Four Seasons Mode, Intelligent Variable Lift, Water Saving, Multiple Security Protections
