

Wall-Mounted Kitchen Range Hood with LED Lighting

This range hood is designed for wall mounting and removes smoke, grease, and odors. It features a stainless steel body, black glass canopy, multi-layer filtration, and LED lighting.

Product Overview

Professional Kitchen Ventilation

The ABI-I05A range hood is a premium ventilation solution designed for modern culinary environments. It effectively removes smoke, grease, and odors while providing high-visibility LED lighting for the cooking surface. With a sleek stainless steel and black glass construction, it serves as both a functional necessity and a stylish aesthetic addition to any professional or home kitchen.
